

Dynapac at Hillhead 2010 – The Sustainable Way

The Dynapac stand at Hillhead will be twinned with Atlas Copco enabling you to fully understand the strength and synergy between the two brands.

'The Sustainable Way' has been chosen as the main message and will join hands with the Atlas Copco brand promise of being 'Committed to Sustainable Productivity'. The Sustainable Way is about superior performance, energy efficiency, ergonomics and cost savings. It really is a win-win situation for road owners, contractors, operators, the environment and society.

Dynapac will showcase the famous F141-6WD Asphalt Paver Finisher equipped with the VB 5100TV-E electrically heated screed, hydraulically extending from 2.55m to 5.10m. Alongside this will be the PL500 ½m Planer equipped with a short conveyor.

Complimenting the range will be a cross section of Light Equipment on display, so come and visit us on stand number S3 and speak to one of our team to find out how Dynapac can help you.
